
Feedback Integrated Solutions

COMPANY PROFILE

FeedBack offers a comprehensive range of Low Current System solutions and services designed to align with our customers' vision, strategies, business objectives, safety, and security requirements

OUR COMPANY STRATEGY

We are dedicated to implementing suitable products and services with the highest efficiency and cost-effectiveness, providing a competitive edge. FeedBack provides various engineering, customized, and integrated security and safety solutions through an extensive range of products. Whether your commercial or residential premises require customized or comprehensive integrated security systems, FeedBack is your source for end-to-end security solutions.

Our holistic project installation and service approach for diverse security solutions eliminate the added hassle of dealing with multiple vendors. To increase the energy efficiency of smart buildings, FeedBack also offers cost-effective, easy-to-use, and interoperable Building Management Systems (BMS) for its customers. Recognizing that data and information are critical resources for corporations and must be protected in all forms, FeedBack assists in building scalable and resilient data centers to sustain growth, reduce risk, and transition seamlessly to modern data centers optimized for the cloud.

COMPANY COMMITMENT

FeedBack integrated solutions is committed to serving a wide spectrum of sectors such as MEP (Mechanical, Electrical, and Plumbing), Lighting, Low Current Systems, and Building Management Systems. We deliver integrated solutions in Engineering, Procurement, Construction, Supply Chain, and Facilities Management with various contracting schemes developed to suit our clients' best interests.

MISSION

Our mission is to add value to the construction industry by providing expert contracting services based on up-to-date knowledge, quality assurance, safety, cost awareness, and on-time delivery.

VISION

- Diversity
- Integrated
- Reliability
- Integrity
- Excellence

Our values are the driving force behind our achievements in the increasingly dynamic construction industry. Consistent collaboration with clients is a tool to discover efficient ways of transforming dream projects into reality. We turn high-level design proposals into detailed low-level designs.

CAPABILITIES

We have a wide range of highly seasoned expertise, from proactive procurement and lean construction principles to deep inter-departmental integration. This qualifies our company to deliver solutions that satisfy our clients' needs.

ENERGY EFFICIENCY

FeedBack integrated solutions is committed to applying energy-efficient engineering to every project to contribute to environmental sustainability by all possible means. We specialize in delivering projects following all international project management standards. Our MEP division works hand-in-hand to achieve and maintain the organizational policy of delivering as promised, with a focus on modern, energy-efficient, and durable engineering standards.

ELECTROMECHANICAL SYSTEMS

In addition to our Low Current System solutions, FeedBack excels in providing comprehensive Electromechanical (MEP) systems. Our expertise includes:

- Mechanical Systems: Heating, ventilation, and air conditioning (HVAC), plumbing, and firefighting systems.
- Electrical Systems: Power distribution, lighting, emergency power, and electrical safety systems.
- Plumbing Systems: Water supply, drainage, and irrigation systems.
- Fire Protection Systems: Fire detection, suppression, and alarm systems.

Our MEP solutions are designed to optimize both large and small-scale projects, ensuring they meet international standards while being cost-managed and logically implemented to suit client requirements.

LIGHTING AND CONTROLS

We provide the most effective lighting and controls solutions for your project, whether it consists of a single-family residential, a large commercial building, or even a corporate headquarters. Our talented engineers elevate your lighting design to fulfill your needs, giving your project a glamorous look from interiors to facades, as lighting is an essential element in all types of projects.

PARTNERSHIPS

FeedBack integrated solutions maintains strong partnerships with leading lighting manufacturing pioneers globally, using the latest lighting technology products and solutions.

CUSTOMER COMMITMENT

We are committed to exceeding our customers' expectations with innovative solutions. Our vision at FeedBack is to be the world's most trusted designer of Low Current Systems, Building Management Systems, and cloud-based data center infrastructure.

Feedback integrated solutions values are the driving force for our achievements in increasingly dynamic construction industry. Consistent collaboration with clients is a tool to discover efficient ways of transforming the dream project into existence. We turn the high-level design proposal into detailed low-level design.

We have varied range of highly seasoned expertise; from pro-active procurement, lean construction principles to deep inter-departmental integration, qualifying our company for delivering what satisfies our clients.

Feedback integrated solutions team over the years have delivered numerous of prestigious and unique projects and developed strong sense of requirements as the work progresses.

Feedback integrated solutions provides the most effective lighting and controls solutions for your project, whether it consists of a single-family residential, large commercial building or even a corporate headquarter.

Our knowledgeable driven talented engineers will elevate your lighting design and fulfill your needs to give your project the glamour look from the interiors to the facades since lights have been an essential element in all types of projects on all levels.

feedback integrated solutions have a various strong partnership with leading lighting manufacturing pioneers globally using the latest lighting technology products and solutions.

INNOVATIVE SOLUTIONS.**

**OUR VISION AT FEEDBACK IS TO BE THE WORLD'S MOST TRUSTED LOW CURRENT
SYSTEMS, BUILDING MANAGEMENT SYSTEM, AND CLOUD-BASED DATA CENTER
INFRASTRUCTURE DESIGNER.**

Project List

#	Project Name	Mivida
1	Scope of Work	landscape lighting and electrical installations for parcel 2 & parcel 3 & parcel 4
	Owner	Emaar
	Main Contractor	Curve landscape
	Location	5th Settlement

#	Project Name	Dona Dony Factory
64	Scope of Work	IP CCTV System & VoIP System
	Owner	Dona Dony Group
	Main Contractor	PCS
	Location	6th October

#	Project Name	AEDCO Admin Building
2	Scope of Work	full work of electrical and light current installation (infra& finishing)
	Owner	Aedco
	Main Contractor	Techno power
	Location	5th Settlement

#	Project Name	EDRA Power Holdings (Port Said & Suez) Stations
65	Scope of Work	Oracle Sun Stations System Full Renovations & Fiber Networks
	Owner	EDF
	Main Contractor	PCS
	Location	Port Said & Suez

#	Project Name	Platinum Club
3	Scope of Work	Electromechanical work for artificial wave pool
	Owner	Al Ahly Sabour Development
	Main Contractor	Al Ahly Sabour Development
	Location	5th Settlement

#	Project Name	Edfina Alex Factory
66	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Fiber Network & Access Control Door Systems
	Owner	Edfina
	Main Contractor	PCS
	Location	Alex

#	Project Name	Solar powered Lighting poles
4	Scope of Work	Installation for solar powered lighting poles
	Owner	Emaar
	Main Contractor	Philips
	Location	5th Settlement

#	Project Name	EFS HQ Cairo
67	Scope of Work	Data Center Renovations
	Owner	EFS
	Main Contractor	PCS
	Location	Cairo

#	Project Name	NANSC Admin Building
5	Scope of Work	Innovation for Admin building
	Owner	National Air Navigation Services Company
	Main Contractor	Techno Power
	Location	Cairo Air Port

#	Project Name	2nd Metro Line
68	Scope of Work	IP CCTV System & Fiber Network
	Owner	Elhoda Group
	Main Contractor	PCS
	Location	Cairo

#	Project Name	Delta Electrical Appliance Factory
6	Scope of Work	innovation for fire pumps and replacing feeding cables
	Owner	Electrolux
	Main Contractor	Delta Electrical Appliance Factory
	Location	10th of Ramadan

#	Project Name	Elwaseet Real State HQ Cairo
69	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Data Network & Access Control Door Systems
	Owner	Elwaseet Real State
	Main Contractor	PCS
	Location	Cairo

#	Project Name	Curve mobilization
7	Scope of Work	mobilization work for curve landscape
	Owner	Hydepark
	Main Contractor	Curve landscape
	Location	5th Settlement

#	Project Name	Flsmidth HQ Cairo
70	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Data Network & Access Control Door Systems & GSM System & Data Center Renovations
	Owner	Flsmidth
	Main Contractor	PCS
	Location	Cairo

#	Project Name	Europa Schule New Cairo kindergarten building
8	Scope of Work	full work of electrical and light current installation (infra& finishing)
	Owner	Europa Schule New Cairo
	Main Contractor	Redcon
	Location	5th Settlement

#	Project Name	BISM School
71	Scope of Work	IP CCTV System & VoIP System & Data Network
	Owner	GEMS
	Main Contractor	PCS
	Location	Cairo

#	Project Name	Mivida
9	Scope of Work	Electrical works at villas parcel 7
	Owner	Emaar
	Main Contractor	Detac
	Location	5th Settlement

#	Project Name	Global View Real State HQ 6th October
72	Scope of Work	IP CCTV System & Data Network & Access Control Door Systems
	Owner	Global View Group
	Main Contractor	PCS
	Location	6th October

#	Project Name	Al Salam Hotel
10	Scope of Work	Extending and throwing electrical conduit .
	Owner	Egyptian Military
	Main Contractor	Detac
	Location	Alexandria

#	Project Name	Harley Davidson Egypt
73	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Data and Fiber Network & Access Control Door Systems
	Owner	SMG
	Main Contractor	PCS
	Location	6th October

#	Project Name	Setcore Mobilization
11	Scope of Work	Mobilization Maintenance
	Owner	Setcore
	Main Contractor	Setcore
	Location	Marsa Matrouh

#	Project Name	IH Holding HQ Cairo
74	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Data and Fiber Network & Access Control Door Systems
	Owner	IH Holding
	Main Contractor	PCS
	Location	Cairo

#	Project Name	JTI Factory
12	Scope of Work	lighting Innovation for main inventory
	Owner	JTI Factory
	Main Contractor	Octa Solution
	Location	shebien al kom

#	Project Name	Informa HQ Cairo
75	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Data and Fiber Network & Access Control Door Systems
	Owner	Informa
	Main Contractor	PCS
	Location	Cairo

#	Project Name	kings athletic club
13	Scope of Work	Designing and supervising the implementation of electromechanical works
	Owner	Esmeralda ,El sweedy
	Main Contractor	Octa Solution
	Location	el sheikh Zayed

#	Project Name	Intech Egypt Low Current work Contracts
76	Scope of Work	IP CCTV System & UPS Systems & VoIP System & Data and Fiber Network & Access Control Door Systems & Fire Alarm and Fighting system
	Owner	Hassan Allam
